Executive Director

The Board received the Executive Director's written report submitted by Associate Executive Director Betsy Houchen for John Brion. Ms. Houchen provided verbal highlights of the report and answered questions for clarification as follows:

Consumer Self-Directed Care Waiver:

The Ohio Department of Job and Family Services (ODJFS) convened a meeting where ODJFS discussed their plans to re-design the Medicaid-waiver programs by separating various programs into specific waivers designed for specific populations. One of the "new" waivers, scheduled for implementation in January 2006, is a Consumer Self-Directed Care Waiver (Waiver). Under this Waiver, the role of consumer (patient) in hiring and training and directing their health care services would be expanded. The current Medicaid-waiver program, known as the Ohio Home Care Program, includes consumer-directed care provided by independent providers, both nurses and aides. However, consumers and ODJFS do not believe there is enough flexibility and self-direction in the current program. ODJFS states that the primary service under the Waiver would be "home care attendant" services, consisting of supportive activities specific to the needs of the consumer for activities of daily living. Under the program, either staff of a Medicare-certified or accredited home care agency and/or independent home care attendants would provide services. The independent home care attendants would also include legally responsible family members who will be required to meet all training and continuing education requirements. According to ODJFS, there are 4,200 aides and 2,929 RNs and LPNs currently enrolled as independent providers. Of these enrolled providers, about 3,000 aides and 1,100 RNs and LPNs submit Medicaid claims for services rendered during a given quarter. Recently, ODJFS issued a Request for Proposals (RFP) for the Case Management component of the waiver programs. The RFP calls for one company, rather than several, to provide case management services for the State. One of the Board's investigators, Bette Horst, is working with ODJFS representatives to clarify how Case Managers work with providers in relation to the nursing law and rules in Ohio. ODJFS plans to continue to convene meetings and the Ohio Board of Nursing will participate in discussions as ODJFS further develops the Waiver and proposed administrative rules.

National Council of State Boards of Nursing:

Ohio was well represented at the National Council of State Boards of Nursing Annual Meeting/Delegate Assembly. Yvonne Smith and John Brion attended as voting delegates, Bert Lovelace attended as a delegate alternate, and Anne Barnett and Lisa Ferguson-Ramos also attended. The meeting consisted of business/delegate meetings and voting sessions, committee reports and recommendations, and breakout sessions about National Council functions and work. I believe Board members and staff found it informational and an opportunity to meet peers from other states and share information and practices. Elections for National Council were held during the meeting, and John Brion was elected to the National Council Board as a Director-At-Large. He looks forward to participating at the Board level and representing Ohio.

Health Care Workforce Committee:

A meeting of the Health Care Workforce Committee was convened by the Ohio Department of Aging on August 6, 2004 to discuss development of a Health Care Workforce Center. The goal for such a center would be to ensure "a qualified, adequate, and excellent health care workforce to provide quality health care services for Ohioans now and in the future." The objectives for a center would be to provide state leadership, collect and analyze data, recruit diverse populations and workers, retain current workers, fund pilot projects, and support local and regional workforce development efforts. The meeting was held to establish recommendations or a "roadmap" for an organizational structure for such a center. Director Joan Lawrence reported that she had attended a Board of Nursing meeting, spoke with the Board, and was pleased that the Board was receptive about the center. She further stated that she understood that the Board is interested in continuing to participate in future discussions about a center, but that the Board also planned to continue to explore and develop a separate center for nursing due to the severity of the nursing shortage and related issues. The committee recommended the workforce center be an independent entity in state government and that funding sources must be identified. It was recommended that the center have an advisory council. The initial task of the center would be to compile data and make the data more readily available to all organizations dealing with workforce issues. At the end of the meeting, Director Lawrence announced that further planning was jeopardized because the Department of Aging learned it was not slated to receive the additional funding for planning as they had anticipated.

Current funding is to end August 31, 2004, so the future of a center is uncertain.

Paperless Board Meetings:

Staff continues to research and develop plans to have paperless Board meetings. We contacted the Kentucky Board of Nursing who began paperless Board meetings in February of this year. Several of our staff will travel to Kentucky to meet with the Kentucky staff to discuss equipment, software, preparation of materials, handling discipline/compliance, etc., and will also attend the Kentucky Board meeting in October to observe their paperless Board meeting. Ohio Board members may be interested in attending as well. If the Board confirms that it is appropriate for staff to proceed, our target date is to have a "trial run" for the March 2005 Board meeting and be fully operational for the May 2005 meeting.

IT WAS MOVED BY PATRICIA SCHLECHT, SECONDED BY LISA KLENKE, THAT THE BOARD EXTEND THE DISCUSSION FOR FIFTEEN MINUTES. MOTION ADOPTED BY UNANIMOUS VOTE OF THE BOARD MEMBERS.

MOTION ADOPTED BY UNANIMOUS VOTE OF THE BOARD MEMBERS.

Task Force Reports

Center for Nursing
Excellence and
Workforce Planning
Task Force

Board member Judith Brachman reported that the Center for Nursing Excellence and Workforce Planning Task Force met at noon on Friday, September 10, 2004. Ms. Brachman informed the Board that the group reviewed information from other states with nursing centers that staff member Norma Selders provided. The information provided a brief summary of this initiative in a few states. Currently, the Ohio Board of Nursing has three initiatives that fit into the framework of a nursing center: the OBN survey; the Nursing Rewards program and the nursing education grants program. The task force plans to continue to collaborate with stakeholders in terms of establishing a nursing center. It was suggested to ask other states that have nursing centers if they are better off now than those states that do not have nursing centers. Another item that the task force will be looking at is the issue of new technology and how it relates to nursing and the Governor's initiative in the "third frontier." The task force will also be reviewing the previously published Ohio Board of Nursing brochure on a nursing center and the objectives listed for further discussion. Ms. Brachman stated that Norma Selders will continue to analyze the data from other states which will assist the Board in determining how to move forward from this point and will attend their next meeting scheduled at noon on Friday November 19, 2004.

Advisory Group Chair
Reports

Report of the
Advisory Group on
Nursing Practice &
Education Issues

Kathleen Driscoll, chair of the Advisory Group on Nursing Practice & Education Issues, reported that the advisory group met on August 12, 2004. Ms. Driscoll informed the Board that the group discussed the re-licensure rules and refresher course that were shared with the Board during the July Board meeting. The group will continue to develop these concepts weighing what will be reasonable for re-licensing nurses and also reasonable for providers. A concern is that providing CE programs to meet re-licensing requirements may be difficult for CE providers because there will not be a large enough demand to make the CE program profitable. In addition, the group will work on a system that is reasonable for staff to monitor and verify, from the certificate, whether the relicensing nurse has met the requirements. The group next held a discussion on selected Chapter 5 rules.

Rules that need to be addressed include new nursing education proposal processes, student supervision, preceptor language, and the one-time task rule. The group requested direction from the Board whether the rules should be opened to address the issues before the scheduled 5-year review. The goal is to have reasonable supervision rules while meeting the requirements of the law. Following discussion, the Board agreed by general consent that the group move forward to address the rules to make recommendations for changes. It was noted that a rules hearing could be conducted at anytime as an option. President Smith requested that staff provide the Board information on the cost of holding an additional rules hearing and that the group provide an established time line on revising the Chapter 5 rules.

Report of the
Advisory Group
on Dialysis

Board member Debra Broadnax, Chair of the Dialysis Advisory Group began a discussion regarding an issue on Dialysis Advisory Group membership. During the July Board meeting staff member Nancy Manns distributed the Advisory Group on Dialysis Roster for 2004 that indicated members with second terms that are ending in 2004 and ending in 2005. Ms. Broadnax then reviewed current policy that states eligibility for reappointment ends after serving two consecutive terms on the advisory groups. Members of the Advisory Group on Dialysis expressed concerns of losing the majority of its members within the next two years if the current policy is followed. After discussion, the Board agreed by general consent to follow the Board's current policy as written. Ms. Broadnax now brings the issue back to the Board regarding concerns of not being able to fill the vacancies since in the past they have received few applications and may not be able to fill the vacancies. Board member Bertha Lovelace stated that she has contacts in the renal community and can encourage applicants to apply. President Smith indicated that they would know more after applications are received. Further discussion led to clarification regarding members who were reappointed by their organizations for a second term. It was suggested that *Momentum* be utilized to solicit applicants. Ms. Broadnax agreed that would be a good resource. It was also suggested that perhaps for all third year term reappointments be appointed for only half terms to help eliminate the membership problem. Ms. Broadnax stated that half term appointments were used in the past. Following discussion, it was agreed by general consent of the Board, that Ms. Broadnax work with the staff and proceed with changes to the Board's Advisory Group membership policy to reflect half term appointments to help solve the membership issue.

Delegate
Assembly

President Yvonne Smith highlighted topics discussed during the 2004 Delegate Assembly held on August 3-6 in Kansas City, Missouri. The Board received a copy of the NCSBN *Council Connector* August/September 2004 issue, which provided an overview of the 2004 Delegate Assembly. President Smith congratulated Executive Director John Brion, who was elected Director At Large. She encouraged other Board members and staff members to become involved with National Council activities. In the future, National Council will provide payment for the costs of Mr. Brion's travel, so this may permit more individuals to attend future events. Board members Anne Barnett and Bertha Lovelace agreed that the experience was very stimulating and also encouraged others to attend.

Following review and discussion;

Judith Brachman suggested revising the table submitted with the disciplinary guidelines to reflect a key as an identifier for easier access to Board members for each case.

IT WAS MOVED BY PATRICIA SCHLECHT, SECONDED BY LISA KLENKE, THAT THE BOARD EXTEND THE DISCUSSION FOR FIFTEEN MINUTES. MOTION ADOPTED BY UNANIMOUS VOTE OF THE BOARD MEMBERS.

Anne Barnett suggested that the Board investigate how they would go about increasing the number of hours that the Board is paid for reviewing Board materials in preparation for Board meetings. Currently, the Board members are paid for 10 hours to cover the time to review all Board materials received prior to each Board meeting. In addition they are paid at their hourly rate of pay for travel time and the number of hours worked during Board meetings. It was suggested that Board members begin to keep records over the next few meetings to track the number of hours required to review all Board meeting materials. This information will provide a basis for any future requests to increase the number of hours. President Smith requested feedback from the Fiscal Manager regarding the feasibility to pay for additional hours. Following discussion, it was agreed by general consent of the Board that the Executive Director check with other Boards regarding number of licensees, case loads, etc. for comparison to support an increase and that Board members begin logging the number of hours reviewing materials for further discussion during the November Board meeting.

IT WAS MOVED BY TERESA WILLIAMS, SECONDED BY BERTHA LOVELACE, THAT THE BOARD EXTEND THE DISCUSSION FOR FIFTEEN MINUTES. MOTION ADOPTED BY UNANIMOUS VOTE OF THE BOARD MEMBERS.

Following further review and discussion,

IT WAS MOVED BY LISA KLENKE, SECONDED BY T. DIANN CAUDILL, THAT THE BOARD ACCEPTS THE REAFFIRMED/REVISED BOARD GOVERNANCE GUIDELINES, AS AMENDED. MOTION ADOPTED BY UNANIMOUS VOTE OF THE BOARD MEMBERS.

Board
Governance/Planning
Strategic Plan Review

President Smith began a discussion regarding Strategic Planning. She announced that a Strategic Planning Retreat was held at 7:30 a.m. on Thursday September 9, 2004 to discuss identified areas that were not addressed during the Board's April 2004 Board Retreat. President Smith stated that the Board plans to continue Strategic Planning discussions related to disciplinary and compliance matters. President Smith stated that one idea discussed was to hold a debriefing session regarding disciplinary actions at the end of the Board meeting.

The Board received a draft portion of the Strategic Plan for the Monitoring unit submitted by Betsy Houchen. Ms. Houchen requested that the Board review the plan and provide feedback in order to proceed with developing the remainder of the plan for other units/functions of the Board. The basis of the document is the "best practices" information presented to the States by National Council and additional work done by the Board members to develop it as a model for the Board's Strategic Plan. Following review and discussion, it was agreed by general consent of the Board, that the plan is on track and to move forward with developing the plans for other units.

Update on Hotel Accommodations

President Smith began a discussion regarding moving the evaluation of the hotel to the November or January meeting special orders list. After discussion, the Board agreed by general consent to move the hotel evaluation to the January meeting special orders list.

President Smith requested that Board members inform staff of their need for an additional night stay due to the rules hearing that will be held at 10:00 a.m. on Wednesday of the November Board meeting. All Board members except Judith Brachman and Debra Broadnax requested an additional night for the November Board meeting.

New Business

The Board reviewed the information presented during Open Forum by Alan Cochrun and Maria Matzik of the Access Center for Independent Living regarding independent living.

Board member Patricia Schlecht requested information from the four states that are currently participating in the independent living program which allows consumers to select their own health care provider and if the program has been successful in those states.

Associate Executive Director Betsy Houchen informed the Board that Executive Director Brion had attended meetings regarding the Medicaid waiver as referred to in item 1.3 – Report of the Executive Director – Consumer Self Directed Care Waiver. Ms. Houchen also informed the Board that we will continue to receive information from the Ohio Department of Job & Family Services (ODJFS) regarding this issue.

The Board directed Executive Director Brion to attend future meetings and participate in discussions as ODJFS further develops the waiver and proposed administrative rules.
